BUILDERS GRADE *Series*

Our Builders Grade Series medicine cabinets are offered in a polystyrene build and a white baked enamel steel build. These cabinets are recessed into the wall and are offered with a stainless steel framed mirror or a beveled edge mirror. Our white baked enamel steel models are deep drawn version to provide additional space in the body of the cabinet.

Polystyrene

- Specifications:** Rust proof white high impact injection molded polystyrene cabinet.
- Mirrors/Doors:** 1/8" first quality plate glass. Doors are mounted on a full length piano hinge and are equipped with a magnetic door catch. Cabinets can be inverted in the field for right or left door swing.
- Shelves:** Two adjustable plastic shelves.

Deep Drawn

- Specifications:** 26 gauge white baked enamel steel bodies and doors.
- Mirrors/Doors:** Doors are mounted on a full length piano hinge and are equipped with a magnetic door catch. Cabinets can be inverted for right or left door swing.
- Shelves:** Two adjustable metal shelves.

EUROLINE *Series*

Our Euroline Series medicine cabinets are fabricated from white baked enamel steel and are available in surface mounted, flush mounted, or partially recessed models. This series is offered in a stainless steel framed mirror, polished edge mirror, or a beveled edge mirror. These cabinets have a contemporary design for a sleek look. European style hinges allow the door to pivot over the body of the cabinet to provide the option for tandem installation of multiple cabinets or a combination of cabinets and wall mirrors. Mirrored side kits are available for select surface mounted units.

Specifications: 20 gauge white baked enamel steel bodies and doors.

Mirrors/Doors: 3/16" first quality plate glass. Doors are mounted on european style cabinet hinges and are equipped with a magnetic touch latch. Cabinets can be inverted in the field for right or left door swing.

Shelves: 1/4" adjustable glass shelves mounted on locking adjustable aluminum shelf clips.

DELUXE ILLUMINATED *Series*

Our Deluxe Illuminated Series medicine cabinets are fabricated from 20 gauge white baked enamel steel. These cabinets are surface mounted, and feature a lighting unit at the top of the cabinet. This series comes as a standard light unit with a G25 base, or as an LED light unit with integral LED lighting. This series is offered with a stainless steel framed mirror and is an ideal design to meet HUD housing and federal specifications.

Standard Light

Specifications: 20 gauge white baked enamel steel. Cabinets are hinged on the left.

Mirrors/Doors: 3/16" first quality plate glass. Doors are mounted on a full length piano hinge and are equipped with a magnetic door catch.

Shelves: 1/4" adjustable glass shelves mounted on locking adjustable aluminum shelf clips.

Lighting: Hard wire integral light features two light sockets. G25 base 40 watt incandescent bulbs (Can use higher watt LED bulb).

LED Light

Specifications: 20 gauge white baked enamel steel. Cabinets are hinged on the left.

Mirrors/Doors: 3/16" first quality plate glass. Doors are mounted on a full length piano hinge and are equipped with a magnetic door catch.

Shelves: 1/4" adjustable glass shelves mounted on locking adjustable aluminum shelf clips.

Lighting: Features integral hardwired LED lighting included.

THEFT PROOF MIRROR *Series*

Our Theft Proof Mirror Series washroom mirrors feature theft resistant channel frames. Ideal for schools, public restrooms, and commercial use. This series features a stainless steel channel framed mirror, and a shatter resistant acrylic mirror.

Theft Proof Mirror

Specifications: Stainless steel channel framed mirror 1/2" rolled formed channel frame with mitered corners. 3/16" thick electrocopper plated mirror. Heavy duty galvanized steel back plate welded in place, four slotted locking mounting holes for theft proof mounting.

Theft Proof Acrylic Mirror

Specifications: Stainless steel channel framed mirror 1/2" rolled formed channel frame with mitered corners. 1/8" thick shatter resistant acrylic mirror. Heavy duty galvanized steel back plate welded in place, four slotted locking mounting holes for theft proof mounting.

Note: Acrylic mirrors reflect images in different quality than glass mirror. A slight distortion is an inherent characteristic of an acrylic faced mirror.

Product Care

At Ketcham we want your medicine cabinet to maintain the same beauty and functionality as the day it was installed. Following these cleaning instructions and using the approved cleaning solutions will keep your Ketcham Medicine Cabinet bright and beautiful throughout its lifetime.

The following cleaning solutions are recommended to clean your medicine cabinet mirror. Apply the solution to a soft, clean microfiber cloth to prevent spillover onto the mirror edges or back of the mirror. This will prevent premature mirror corrosion.

Acceptable Cleaning Solutions:

- Vinegar-water solutions (less than 5% vinegar).
- Ammonia-water solutions (less than 5% ammonia based). This solution is only to be used if they do not contain ANY alkali, as this will cause mirror spoilage.
- Alcohol based solutions (less than 5% ethyl, methyl or rubbing alcohol solution).

DO NOT clean your medicine cabinet mirror with any knives, scrapers, emery cloth, scouring sponges, or abrasive materials.

DO NOT use alkali or acid cleaning solutions, as this will severely damage the medicine cabinet mirror.

Ketcham Quality Guarantee

At Ketcham we produce quality products, as such we stand behind our entire line. Please read below for our Ketcham Quality Guarantee.

Ketcham products are guaranteed to be free of manufacturing defects from one year after date of purchase. Any products returned under this guarantee will be repaired or replaced at no charge. Ketcham does not assume any liability for labor to remove or replace any products.

This warranty DOES NOT cover any products that have been subject to misuse, accident, negligence, improper repair/maintenance, or faulty installation.

Mirrors are guaranteed against silver spoilage for a period of 5 years after purchase date providing the product care instructions have been implemented.
